

VSRA OTraining Users Guide

WELCOME!

The On-Line Users Guide is the easiest and fastest way for you to get started with the Virginia Ship Repair Association OTraining portal. This system is very user friendly, however it also has a lot of features and security protections that require users to be knowledgeable about their choices. Snapshots of every web page are included to aid learning. Below are a few items that are most often questioned, or cause difficulty for new users. We hope this guide will help you and welcome any suggestions.

VSRA OTraining STUDENTS/EMPLOYEES

Users Guide

TIPS:

1. Find the site by going to:

<http://OTraining.VirginiaShipRepair.org>

2. **Safety Orientation and WAF do not have Student Accounts. ALL records are managed by your COMPANY.**
3. **OTHER TRAINING does have Student Accounts which will show all training access codes, completions and certificates for the student. Your Company may provide you with Training codes, or you may choose to get them on your own.**
